

QuiltingbyPam.com - Prices for Machine Quilting

Machine quilting is priced by the square inch. To calculate the total square inches of your quilt: Multiply the width of the quilt in inches by the length in inches to get total square inches.

Example: Typical double (80 inches X 90 inches) $80 \times 90 = 7200$ square inches.

- ❖ **Basic, Edge-to-Edge Designs \$0.007 per sq. inch**
This is the simplest and most popular choice. It consists of rows of continuous quilting designs that go from one edge of the quilt to the other.
- ❖ **Custom \$0.018 - 0.02 per sq. inch**
Custom quilting includes special block patterns, stencils, stitch in the ditch, outline, sashings and custom designed patterns.
- ❖ **Thread \$1.25 per bobbin**
Note that the more complex the design the more bobbins that will be used.
- ❖ **Batting \$0.18 per sq. inch**
I use Warm & Natural, Warm & White and Soft & Natural.
- ❖ **Binding \$25**
One yard of fabric is required. Any remaining fabric will be returned to you. I machine stitch binding to the back of the quilt first then turn and stitch to the front of quilt.
- ❖ **Pressing top or back \$15**
- ❖ **Piecing the back \$15**
- ❖ **Squaring the top \$15**
- ❖ **Squaring the back \$15**
- ❖ **Reloading charge for borders \$10**
This is a fixed charge regardless of the quilt size, since the quilt must be removed from the machine, rotated 90 degrees and reinstalled on the machine.
- ❖ **Rush Service – A rush service charge of 25% may be applied at customer's request for faster service.**

There is a \$25 minimum quilting charge for each quilt.

I am not responsible for folds/tucks in fabric due to fullness of piecing. Prices are subject to change without prior notice.

**Shipping \$15.00 for each quilt.
Insurance \$1.50 per \$100 value.**

Tax on batting and thread. Total price of both x 5.5%.
